Hiring Team

hackajob

My background as an Associate Software Engineer at Crestonix Global Solution makes me a strong fit for the Frontend Developer position at hackajob. With a solid foundation in Python and JavaScript, I specialize in building scalable, responsive web applications using React, TypeScript, and modern CSS.

In my current role, I translate complex requirements into clean, maintainable frontend code, prioritizing responsive design and optimal user experiences. Having graduated with a BSc in Computer Science from Osmania University (75%, June 2024) and earned certifications in Full Stack Web Development and Python Programming, I possess both the theoretical knowledge and practical skills required to contribute immediately to your team. My full-stack perspective enables me to seamlessly bridge the gap between frontend interfaces and backend APIs.

I look forward to the opportunity to discuss how my technical skills and development philosophy align with hackajob's goals.

Sincerely,

Karne Abhishek

Resume

KARNE ABHISHEK

Frontend Developer

karneabhishek08@gmail.com | +91 8074227814 | Hyderabad, Telangana

PROFESSIONAL SUMMARY

Highly motivated and results-driven Computer Science graduate specializing in Frontend Development. Proven track record of building scalable, user-centric web applications and collaborating with cross-functional teams to deliver clean, high-performing code. Skilled in translating design concepts into seamless digital products using React, TypeScript, CSS, and modern Responsive design principles. Ready to leverage strong technical problem-solving skills and a passion for modern frontend technologies to drive impactful user experiences through hackajob.

TECHNICAL SKILLS

Frontend Technologies: React, TypeScript, JavaScript, CSS, HTML5, Responsive Design

Backend & Tools: Python, Git, GitHub, VS Code, Development and Debugging Tools

Professional Competencies: Problem Solving, Teamwork, Adaptability, Communication, Time Management

PROFESSIONAL EXPERIENCE

Associate Software Engineer | Crestonix Global Solution | Current

- Develop and customize responsive frontend interfaces and web applications, prioritizing clean CSS structures and modern JavaScript standards.
- Apply Responsive design principles to ensure seamless, visually appealing user experiences across all device form factors and screen sizes.
- Collaborate with cross-functional development teams on software deployment, version control, and comprehensive technical documentation.

Full Stack Developer Intern | Yhills | August 2023 to October 2023

- Constructed interactive frontend components using CSS, HTML5, and JavaScript, ensuring cross-browser compatibility and optimized performance.
- Designed and implemented mobile-first responsive layouts using modern CSS methodologies to enhance overall usability and user engagement.
- Engaged in collaborative code reviews, debugging sessions, and pair programming to refine codebase quality and accelerate the development lifecycle.

Business Development Intern | SkillDunia | January 2025 to June 2025

- Conducted targeted outreach campaigns and lead generation to support client acquisition.
- Managed customer engagement strategies and sales pipeline communication to optimize business growth.
